## Profile

---

As an entry-level full-stack developer with a solid foundation in front-end and back-end technology. I want to build a high-performance, scalable web application. I'm proficient in the MERN stack (MongoDB, Express, React, Node.js). I like easy-to-use tools while developing powerful and efficient backend tools. My goal is to deliver a seamless and flexible online solution that meets both user needs and business objectives. With a strong commitment to continuing education and professional development, I would like to be involved in new projects. and work together in cross-functional teams

## Skills

---

### Frontend Development:

HTML, CSS, JavaScript, REACT.JS, Bootstrap

### Backend Development:

Node.js, Express.js, RESTful APIs, JWT

**Database:** MongoDB

**Version Control:** Git, GitHub

### Additional Skills:

Java, DSA using Java

### Tools& Libraries:

Postman, NPM

## Education

---

2022 – present Vadodara, India	<b>B-Tech, CSE</b> <i>Parul University</i>
2020 – 2021 India	<b>12th Grade</b> <i>Don Bosco Convent School Jhanjharpur Madhubani Bihar</i>
2018 – 2019 India	<b>10th Grade</b> <i>Devasthali Vidyapeeth Chilkahar Ballia UP</i>

## Projects

---

### Wanderlust Travel Listing Platform:

Developed a complete web application with Node.js, Express, MongoDB, and EJS to manage travel entries. Use a robust CRUD system to allow users to create, read, update, and delete entries with segment rendering. Powerful pages and smooth backend processing Mongoose is used to ensure efficient and accurate data processing. Ensure production efficiency User experience is enhanced with responsive design. Strategic use of RESTful systems and powerful document reviewing integrated Git for version control to maintain collaborative processes and scalable development. **Link**

### Student Management System

Developed a comprehensive system for managing student records, where users can **add, update, and delete** student details.

The system allows easy management of student data, including personal information, academic records, and other relevant details. **Link**

## Certificates

---

- Certification in Data Visualization using Tableau
- Participating in Flipkart GRIP 6.0 - Software Development Track
